DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In claim 9, "An airbag according to one of claim 1" has been changed to --An airbag according to claim 1--.

Allowable Subject Matter

2. Claims 1-17 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art does not disclose the airbag according to claim 1; therefore, claim 1 is allowable as it recites an airbag comprising left and right halves as well as a partitioning means with openings to allow front end portions of the left and right halves to communicate with base end portions of the respective left and right halves.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
